ENGINEERING

# ADAMJEE ENGINEERING (PVT.) LTD.

Adamjee Engineering (Pvt.) Ltd. has been engaged in the manufacturing and marketing of cold forged Fasteners since 1963. With the objective of substituting the imports of screws with domestically produced products, the company launched itself into this business by initially manufacturing woodscrews for the local market. Since then, responding to the demand from the retail sector & the OEM's.

By virtue of our wide range of products & sizes, consistent quality, timely delivery, research & development & strong customer service and depth of client base, AEL has successfully maintained its position as the leading manufacturer of fasteners within Pakistan for the past **58** years.

**AEL** offers a variety of Fasteners produced from both Alloy & Non-Alloy Steel Wire Rods, Brass Wire, Stainless Steel Wire and Aluminum Wire.

**AEL** manufacture over 700 different types and sizes of International quality standard fasteners. Our complete in-house manufacturing facilities and professional team enable us to manufacture custom made and specialized Fasteners as per the specific requirement(s) of our valued clients.
